RETAIL ROUNDUP

St. Clair Square adds new stores

A new women's fashion store that has opened at **St. Clair Square** in Fairview Heights is just the latest retailer that is coming to the mall.

American Eagle Outfitters also has expanded its store by about 900 square feet to provide shoppers even more choices of apparel, including jeans, shirts, tops, shorts and T-shirts. **Ashley Stewart** is the latest tenant, which has what it calls an eclectic mix of fashion for women.

The mall will soon add two new retailers to its lineup. Coming soon is a women's clothing and accessories store called **Torrid**, another women's clothing and lingerie store called **Pink by Victoria's Secret**, and existing tenant **Zumiez**, which sells clothing, footwear, accessories, DVDs and more, will expand its store at the mall. Stay tuned.

A business on the mall's property will soon be moving. **National Tire & Battery**, better known as **NTB**, is building a new auto repair and service shop on the outlot along Lincoln Trail in Fairview Heights in front of **Old Time Pottery**. The current locale at 320 St. Clair Square is expected to close, and the new shop is expected to open by September.
