Recorder
MEMORANDUM

TO: Elected Officials
FROM: Paul A. Ellis, Director of Economic Development
DATE: June 12, 2020
SUBJECT: Economic Dev. Dept. - Director's Report

Re-openings
As the State of Illinois authorized progression into Phase 3 of the Restore Illinois guidelines on May 29, the Director has been working with businesses, property owners, other local and regional agencies, and other City departments to help facilitate re-openings as allowed; some highlights include:

- Planet Fitness has opened their new location in the former Toys ‘R’ Us building with reduced capacity under the Phase 3 guidelines
- St. Clair Square has re-opened, but not all stores are open yet; Penney’s is not among the locations slated for closure
- Several restaurants have taken advantage of the “All Inside-Out” promotion (see below) to set up outside dining
- Since the key to attracting customers back to stores will be to ensure--and promote--a safe, healthy shopping environment, the Director is working with the St. Clair County Health Dept., ILLINOISouth Tourism and other partners to ensure that retailers and other businesses resources they need

Transitions
Some businesses have permanently closed, but replacements are in the wings, and the Director continues to work with businesses seeking to expand and even to start up:

- Boston Market’s location in Fairview City Centre has been permanently closed; a bank is moving through the process to open a branch in place of that retail use
- Pier One Imports be closing its store in Lincoln Place as part of a national business failure, but the Director is working with the property owner to secure a replacement tenant
- Ruby Tuesday has closed but a new fast food restaurant is finalizing a lease TBA soon
- The Director has been working with Sweet Cravings, a startup opening on Lincoln Hwy.

Outreach
The Director continues to market advantages of a Fairview Heights location to national and regional retailers, and he strives to keep open communication with the 800+ businesses already in operation here. He has been contacting several businesses each day via phone calls, emails and/or review of survey responses, and he has been
able to help several connect with federal, state and/or regional loan programs or other resources needed to keep their businesses open.

The Fource continues to work with the Director to promote local dining and shopping, as well as to communicate with local merchants who are participating in the “All In” branding campaign.

Initiatives
The Director continues work on several initiatives to help bring more business and broader investment into Fairview Heights:

1. Acadia Realty Trust is working with the Director to develop new retail space in both Lincoln Place I and II
2. As a member of the Mid America Workforce Investment Board (MAWIB), the Director has been helping to post job openings and to market them more broadly across the community; he is also working with the MAWIB to open a retail training center in Fairview Heights
3. The Director is working with other departments, a professional services firm and a regional real estate broker to pursue interest from a retailer in the 72 acres across from The Fountains
4. The Director and the Director of Land Use & Development are working with Namdar Realty Group, the new owners of Fairview Heights Plaza, to explore the vision for future development of that center included in the ED Strategy
5. The Director and the Director of Land Use & Development have completed review of the Business Assistance Program and are to present recommendations
6. The Metro East Business Incubator (MEBI) is anticipating release of $100,000 allocated for its operations by the State of Illinois; the new agency will be able to serve entrepreneurs and small businesses immediately via a virtual platform, Startup Space

INTER OFFICE MEMO

TO: Elected Officials
FROM: Angela Beaston, Director of Parks and Recreation
DATE: June 15, 2020
SUBJECT: Parks & Recreation Committee Agenda Overview

Director’s Report: The following is a synopsis of the Parks and Recreation Department:

Recreation Department: Due to the Covid-19 situation, all recreational programs and events have been cancelled through the end of June. All employees continue to remain on furlough until further guidelines are released on restrictions for gatherings and social/sporting events.

Parks Department: While working with limited staffing due to Covid-19, the department continues to perform the maintenance and operations of all the parks throughout the City. At this time, all playgrounds remain closed and most facilities are open but under social guideline restrictions allowing groups of 10 or less throughout the areas of the park. The tennis/pickle ball courts at Moody Park are also open but are limited to single play only.

THE REC Complex: Due to the Covid-19 situation, most employees remain on furlough at this time. The building is currently operating under the Phase III guidelines with workouts limited to one-on-one training and outdoor fitness classes. At this time, the decision was made to keep the pool closed due to the cost of operating at such a limited capacity.

Agenda Review:

Agenda Item #1 - Director’s Report: General discussion regarding items in report
INTEROFFICE MEMORANDUM

To: City Council  
From: Andrea Riganti, Land Use and Development Director  
Subject: Director’s Report  
Date: June 12, 2020

Since March 23, City Hall has been closed to the public. All Departments have modified operations, focusing on the most essential tasks. To that end, the Department of Land Use and Development (LUD) has made the following changes:

- All staff follow a staggered in-office schedule. This approach ensures social distancing and other safety protocols are met at City Hall. The impacts to operations include a slight decrease in building, residential, and code enforcement inspector availability.

- The Department is short staffed due to COVID-19. However, staff has been able to accommodate most requests and respond to inquiries in a timely manner. The phone call volume to the Department’s main line is substantial.

- A virtual inspection option is offered for occupied buildings.

- During in-office days, code enforcement inspectors patrol city-wide for property maintenance violations or in response to complaints, rather than focusing on their assigned district. The abatement timeframe has been lengthened to offer economic relief during the COVID-19 pandemic. Court has resumed.

Major Department Activities.

Planning and Zoning

- The Planning Commission met on June 9 to consider a Special Use Permit with Site Development Plan for the construction of a bank with drive thru ATM at 6535 N. Illinois (former Boston Market). It was recommended for approval and is being forwarded to the June 17 Community Committee meeting.

- There was no Zoning Board of Appeals meeting in May or June.

- Staff continues to respond to questions and consult with developers, property owners, and residents on new development, annexation and zoning related matters.

- Staff continues to work with Economic Development Department on revising the Business Assistance Program and economic recovery strategies. An outdoor dining application and process was developed for restaurants as per Phase 3 guidelines. A packet of information was delivered to every restaurant in the City.

- Additional efforts are being made to streamline economic development efforts. Encouraging joint meetings with potential developers, recommending the in-house development of an economic development packet (which could include an “Open for Business Guide”, updated list of incentives,
demographic information about the City, map, and other resources), the Economic Development Strategy, and Business Alliance Commission.

- Staff is reviewing the redevelopment plans for the existing Tax Increment Financing (TIF) districts to determine accomplishments and identify future projects.

**Code Enforcement**
- Staff continues to perform routine inspections of problem properties and “hot spots” for potential property maintenance issues. Staff also responds to complaint driven issues for same. Additional abatement time has been granted for non health-safety violations during COVID-19.
- Staff continues to work with the Public Works Department on nuisance abatement matters.
- Staff began larvaciding of drainage ditches and ponding areas.
- Staff continues to respond to animal control calls.

**Building Division**
- Staff continues to perform plan review and building related inspections. Virtual inspections are being offered during COVID-19.

Fairview Heights City Council
10025 Bunkum Road
Fairview Heights, IL  62208

Dear Community Committee Member:

The petition listed below is hereby transmitted for your consideration at the Jun 17, 2020 Community Committee:

APPLICATION NUMBER: PC-02-20
REQUEST: Special Use Permit (SUP) with Site Development Plan to allow the construction of a bank at 6536 N. Illinois Avenue

APPLICANT NAME: Chad Fairbanks, 6500 Chippewa Street, St. Louis, MO  63109
ZONING: PB-Planned Business
LAND USE: Commercial - bank

COMMUNITY COMMITTEE ACTION: Consideration of Planning Commission’s recommendation of SUP and Site Development Plan, forward to City Council which has final authority to approve or deny the request.

Community Committee and City Council are being asked if accept or object to Planning Commission’s recommendation. Attached is the staff advisory and Plan Commission Resolution pertaining to the request.

Respectfully,

Jim Bramstedt

Jim Bramstedt, Chairman
Planning Commission
Planning Commissioner Barkley/Moats introduced the following resolution and moved for its adoption: RESOLUTION PC 02 -20

A RESOLUTION ADOPTING FINDINGS OF FACT RELATING TO APPROVAL OF REQUEST FOR A SPECIAL USE PERMIT AND SITE DEVELOPMENT PLAN FOR 6535 NORTH ILLINOIS WITHIN THE 'PB' PLANNED BUSINESS DISTRICT.

WHEREAS, Chad Fairbanks, Core States Group, on behalf of Chase Bank, hereinafter referred to as the "Applicant," has properly applied for a Special Use Permit with Site Development Plan for the construction of a bank with drive-thru ATM within the "PB" Planned Business District located at 6535 North Illinois Street, PIN 03-28.0-204-011.

NOW THEREFORE, BE IT RESOLVED BY THIS PLANNING COMMISSION OF THE CITY OF FAIRVIEW HEIGHTS, ST. CLAIR COUNTY, STATE OF ILLINOIS that the findings of fact relating to the request are determined to be as follows:

1. That the Applicant appeared before the Planning Commission for a public hearing pursuant to Section 14-10-8 of the City of Fairview Heights Development Code on June 9, 2020 and that said public hearing was properly conducted and that the minutes of said public hearing are hereby incorporated by reference.

2. The subject properties are zoned "PB" Planned Business District.

3. That this permit will not require changes to traffic circulation and ingress/egress.

4. That this permit will not require minor enhancements to landscaping, lighting, landscaping and the existing site usage.

5. That the proposed use will not be unduly dangerous or otherwise detrimental to persons residing or working in the vicinity of the use or to the public welfare.

6. That the proposed use will not substantially adversely impair the use, enjoyment, or market value of any surrounding property.

7. That the proposed use will not be hazardous or disturbing to existing neighboring uses.

8. That the proposed use will be served adequately by public facilities and services such as highways and streets.

9. That the proposed use will not create excessive additional requirements at public cost for public facilities and services, and it will not be detrimental to the economic welfare of the community.
10. That the proposed use will not involve activities and uses that will be detrimental to any persons, property, or the general welfare by reason of excessive production of traffic, noise, smoke fumes, glare or odors.

11. The proposed use will be consistent with the Comprehensive Plan.

12. That this Special Use Permit and Site Development Plan approval will allow the applicant's development of a bank as proposed by the Applicant.

13. That the Permittee shall be responsible for all City costs incurred in administering and enforcing this Permit.

14. That the Director of Land Use, and his/her designee, shall have the right to inspect the premises for compliance and safety purposes annually or at any time, upon reasonable request.

15. That this Development Plan Approval shall automatically expire if the use is not initiated within one year of City Council approval.

16. That this Development Plan approval allows for the site plan as presented.

The motion for the adoption of the foregoing resolution was duly seconded by Moats; upon vote being taken thereon, the following voted in favor thereof: Herrington, Moats, Mensing, Hoppe, Barkley, Smith, McCarthy, & Bramstedt.

and the following voted against the same: None
and the following abstained: None
and the following were absent:
Wesemann, Carthen, & Coleman,

whereupon said resolution was declared duly passed and adopted by the Fairview Heights Planning Commission this the 9th day of June 2020.

ZONING: PB-Planned Business
LAND USE: Commercial - bank

PLANNING COMMISSION ACTION: Consideration of the SUP and Site Development Plan, make recommendation to the Community Committee and City Council which has final authority to approve or deny the request.
STAFF ADVISORY

1. BACKGROUND

The City of Fairview Heights Development Code divides the City into districts and establishes a set of land uses that are either "permitted" or "special". Permitted uses are compatible land uses authorized as a matter of right. Special uses are those that may cause potential conflict depending on the scope of the operation. A special use may be allowed after a review by Plan Commission and City Council, in accordance with Development Code section 14-10-8. Each special use is evaluated on its own merits.

The subject property located at 6535 N. Illinois Street is zoned PB-Planned Business. This zoning district is intended for a variety of commercial uses such as retail, office, and restaurant uses. The bank use is permitted; however, a Special Use Permit with Site Development Plan is required when there is a substantial change to an approved PB-Planned Business development site plan or there could be impacts to traffic, noise or adjacent uses. A new process is required with this site redevelopment to include construction of a new building with a drive-up/ATM.

2. DISCUSSION

Context

The subject property is located in the central part of the City, south of Interstate 64, west of North Illinois and north of Lincoln Trail. The parcel is approximately .98 acres and the current use is a restaurant (Boston Marking).

The adjoining properties are zoned PB-Planned Business. The surrounding land uses are consistent with zoning and include the Hobby Lobby, Fresh Thyme, Walgreens, Home Goods and more. St. Clair Square Mall is located to the east of the site across North Illinois Street.
**Project Information**

The project is the construction of a 3,300 square foot single story building to be used as a bank. There will be a drive up ATM on the northern part of the site. The building height is +/- 21’. There will be 31 parking spaces provided, including two ADA spaces.

The existing restaurant building (former Boston Market) will be demolished. The site will be completely cleared, regraded, and new paved surface installed. The existing entrances will be moved slightly to the north to provide more distance from adjacent entrances. The existing parking lot cross access between the use to the south (Walgreen’s) will be eliminated. Landscaping will be provided around the perimeter of the property and building.

The bank hours will be Monday – Friday from 8:30 a.m. to 6:00 p.m., 9:00 a.m. to 2:00 p.m. on Saturday and closed on Sunday. There will be 8-10 employees.

**Planning Considerations**

At issue is whether or not the proposed addition is reasonable as per the Development Code for Site Development Plans, the PB-Planned Business District and SUP standards.

**Zoning and Site Development Standards**

The proposed building is in conformance with the purpose of the PB District, the intent of which is to generate development consistent with good planning practice and compatible with adjoining properties. The site design, setbacks, building height and appearance attain PB goals. The building will be constructed with a
mix of stone, metal and glass. The parking requirements have been met. The landscaping requirements have been met, and will help to decrease the on-site impervious surface area and stormwater runoff.

The site is currently served by utilities.

The on-site access and traffic circulation is well-designed for anticipated

SUP standards:

1. The effect the proposal would have on the City's comprehensive plan.

   **Finding:** The City's Comprehensive Plan identifies the subject property as retail/commercial. Therefore, the proposed use is consistent with the intent of the comprehensive plan.

2. The effect the development would have on schools, traffic, streets, shopping, public utilities and adjacent properties.

   **Finding:** The project is the redevelopment of an existing site. It is not expected to impact the schools or public utilities. The anticipated traffic generated by the bank use is expected to be less than that of the prior restaurant use. The bank use and building design are in context with surrounding uses.

3. Is the application necessary for the public convenience at that location?

   **Finding:** N/A

4. In the case of an existing nonconforming use, will a special-use permit make the use more compatible with its surroundings?

   **Finding:** N/A

5. Is the application so designed, located and proposed to be operated that the public health, safety, and welfare will be protected?

   **Finding:** The perceived nuisances of a drive-thru facility are generally noise and traffic. Those nuisances are more often generated by drive-thrus associated with restaurants rather than banks. Given that the subject property is in a developed shopping area, the new use will not have a harmful impact on adjacent uses. Any light and noise generated by the addition will be in accordance with the performance standards of the development code. Therefore, the proposed business is not expected to have a substantial impact on the factors cited in this criteria.

6. Will the application cause injury to the value of other property in the neighborhood in which it is located?

   **Finding:** The proposed use is not anticipated to have a harmful impact on surrounding properties.

7. Will the special use be detrimental to the essential character of the district in which it is located?

   **Finding:** A bank is an appropriate use at the location.

Other Applicable Standards

Section 14-3-20 of the Development Code identifies performance standards for developments and redevelopments, and applies to this application:
PERFORMANCE STANDARDS – GENERAL
(A) Any lot shall be properly graded for drainage and maintained in good condition, free from trash and debris.
(B) Noise emanating from any use shall not be of such volume or frequency as to be unreasonably offensive at or beyond the property line. Unreasonably offensive noises due to intermittence, beat frequency or shrillness shall be muffled so as not to become a nuisance to adjacent uses.
(C) No obnoxious, toxic or corrosive matter, smoke, fumes or gases shall be discharged into the air or across the boundaries of any lot in such concentrations as to be detrimental to or endanger the public health, safety, comfort or welfare or to cause injury or damage to property or business.

A building permit will be required for the construction. This process will include review of site grading and stormwater management by the Public Works Department.

Special Use Permits are reviewed by the City’s Planning Commission, Community Committee and City Council. City Council has the final decision on the application. Representation is required at these meetings.

Applicants are encouraged to schedule a pre-application conference with the Director of Land Use and Development prior to submittal. The application will be processed and scheduled for Plan Commission consideration after it is deemed complete.

Applicants are responsible for the following:

1. Two hard copies and one electronic version of the completed application and submittal requirements. The application deadline to the Department of Land Use and Development is at least thirty-six (36) days prior to the Plan Commission meeting.
2. Application fees.
3. Posting a public hearing notice sign on the subject property; providing photographic evidence of same.
4. Newspaper public notification fee.

Revised 3/2019
SUBMITTAL REQUIREMENTS FOR SPECIAL USE PERMIT

The minimum standards for land subdivision and development are contained in Section 14-9-8 of the City's Development Code. Please consult this section, as well as the relevant zoning district regulations, when preparing the application.  

http://www.cofh.org/DocumentCenter/View/298/COMPLETE-PDF-CODE

1. Site plan- drawn to scale and includes the following information:  
   a. Location and dimensions of lot (boundary) and adjacent properties and right of way; note zoning designation of surrounding properties  
   b. Location and dimensions of existing and proposed buildings and structures  
   c. Location and size of proposed off-street parking, loading areas, pedestrian facilities, curbcuts/driveways and vehicular traffic circulation, and relationship to adjacent circulation systems (all curb cuts within 150' of property and road intersections)  
   d. Distances between buildings (front, side, and rear lot lines); principal building and accessory buildings; principal building and principal buildings on adjacent lots  
   e. Location of public and/or private utilities and facilities proposed to serve the subject area; including water supply, sewage, and drainage facilities  
   f. Location of light standards  
   g. Size and design of signs  
   h. Location and type of landscaping (of a sufficient detail to ensure parking lot landscaping and buffer requirements are met). Indicate existing and to be removed landscaping  
   i. Small key map  
   j. Any additional information as may be reasonably required by the Land Use and Development Department

   NOTE: ALL INFORMATION SHALL BE PROVIDED ON A SINGLE SHEET, UNLESS OTHERWISE AGREED BY THE DIRECTOR OF LAND USE AND DEVELOPMENT. RE-OCCUPANCIES MAY NOT REQUIRE ALL INFORMATION; PLEASE CONSULT WITH LUD.

2. Narrative- statement describing the proposed project, estimated development schedule, economic viability of the project, extent of grading, anticipated traffic, impact upon community, and other information considered relevant to the project.

3. Photographs- aerial and/or ground-level photographs of the site

4. Buffered Parcel Report- listing of all property owners within 300 feet of the subject property. This information can be obtained through St. Clair County Mapping and Platting at 618-825-2527. Be sure to request that the list includes: name of owner, complete mailing address, and parcel number.

5. Building elevations or perspectives- to show compatibility with surrounding area and of sufficient detail to ensure building material requirements are met (for new construction and significant rehabilitation only)

6. Floor plan drawn to approximate scale and dimensioned (for new construction, change of use and significant rehabilitation only)

7. Legal description of the property
